**Statement on The Foundry Arts Space gallery vision and purpose to guide members in their submissions and expectations.**

*EMAI Inc. and The Foundry Arts Space vision is to promote and foster well executed art in the local community through exhibitions, events, workshops and classes. The aim is to exhibit innovative art that is an expression of emotions, is subjective and encourages contemplation. Craft work made for artistic reasons rather than utility with the intention of being appreciated in the same way can also be seen as art.*

*Items made mainly for commercial purposes or from other people's patterns or purchased parts without an engagement with the context of contemporary art will be defined as Craft. This is not to devalue what is being made – it is just different and will be presented at The Foundry Arts Space as Craft rather than Art.*
